HostPay

HostPay is a secure online payment page, managed and hosted by Regal Technologies that enables businesses to accept credit card or ACH transactions from their customers via the Internet.

HOSTPAY OVERVIEW

Businesses with an Internet Merchant Account and Regal Technologies' ACH Processor can hyperlink to HostPay from their existing website or use HostPay as a stand alone branded website for credit card and/or ACH processing. Transactions are authorized in real-time and a branded order confirmation email is sent to both the payer and business. HostPay automates the daily settlement and deposit of funds into the client's bank account. HostPay is cost-effective, easy to enable, and includes advanced sales reporting functionality.

HOSTPAY IS DESIGNED FOR MERCHANTS THAT:

- Wish to provide a full e-commerce solution to their customers
- Do not wish to host their own payment solution
- Have limited technical knowledge
- Want to avoid the expense of integrating a custom payment solution and have the pages designed to look and feel of existing website
- Want to save on the cost of purchasing an SSL Certificate
- Want a brandable online payment form (logo & corporate colors)
- Want to provide their customers with professionally designed email receipts

FULLY FEATURED PAYMENT SOLUTION

- No installation required
- Real-time processing speed
- Sends email receipts in your websites look and feel

- Process card-present transactions or manually enter credit card transactions for mail or phone order sales
- A full range of processing functions: authorization only, authorization and capture and refunds
- Single browser based interface contains all fields needed to complete each transaction
- Accepts major credit card types including: Visa, MasterCard, Amex, Discover, Diners, EnRoute, and JCB
